## Charity, School and Community Book Projects

We are proud to have worked with many local schools and charities to help develop special books. As well as publishing many young authors, we work with local community groups and charities to help make bespoke books to really make a difference. We prioritise this work as we believe in the power of stories and the magic of publishing and how it can have a huge impact on our society. We work with specific budgets and try to keep these costs as low as possible to make these projects happen!

## Storywriting Workshops and Local Publishing

One of our favourite activities! We will develop, deliver and publish young authors who attend our workshops. Each one tailored specifically for each group. Prices begin at £249.

## Talks and Seminars for Events and Schools

We are passionate about young people understanding and finding careers and outlets in publishing. We are happy to deliver talks and seminars in schools and across the community where it will be of help. We also are available to talk at events and conferences where storytelling and the power of publishing is of interest to the audience. Where possible we will visit schools and charities on request. Speaking fees begin at £200 but we will work where possible within event budgets.

## Getting Young Authors Published!

We love publishing young authors and we try to make this possible! We can design a one off book for a young person, this starts at £79 and depending on the illustrations needed can be completed for £129. Print prices start from £49 and other requests can be costed on application.

## Bespoke Local Book Design, Illustration and Print Packages

We have experience of developing start to finish books for schools, local authors, parents and families and personal projects, that special book that has always been talked about! We can provide full story development support, illustration and bespoke design as well as print. We can help with ISBN's, barcodes, pricing and marketing. We will work with you to help create the book you want. We are proud to say everything we do is produced locally with the very best of local talent! Our prices begin at £300 for design and £99 for some initial artwork and illustration. Print prices are available on request.

## Marketing, PR and Book Launch Services

We can help develop or even facilitate your book launch, even if your book is not published by us! We have local contacts to help find the right venue, we can write your press release and talk to the media and design and distribute your invitations and even build a brand or a website for you. Prices begin at £49 for developing a press release, £99 for design and print of invitations and flyers and £199 for a PR package. Book launch prices begin at £299.

## Help with finding book talent and partners

Need an illustrator, or a printer, or a designer or a writer? We can help find you who you need. We are always happy to put people in touch with each other free of charge locally or we can help broker a freelance contract starting at £49. Send us some of your work and we will showcase you where we can for free!
